## **Introducing Connor, Clark & Lunn Managed Portfolios Inc.**

*We understand that every investor's needs are different.*

Connor, Clark & Lunn Managed Portfolios Inc., (CC&L Managed Portfolios) part of the Connor, Clark & Lunn Financial Group, is proud to present a new investment management solution that brings institutional expertise to individual Canadian investors with investable assets of \$250,000 to \$750,000.

CC&L Managed Portfolios is making available, through a select group of financial advisors, a series of six prospectus-offered managed portfolios for advice-oriented clients with a minimum account size of \$100,000. These institutionally managed portfolios are competitively priced with management fees and ordinary operating expenses for Series A units capped at 1.95% (excluding GST).

In building these portfolios CC&L Managed Portfolios has been able to draw upon the deep and diverse expertise of the institutional investment managers affiliated with the Connor, Clark & Lunn Financial Group. These professionals thrive in an environment where they focus on what they do best—make sound investment decisions to create value for clients.

Whether your clients' investment requirements are short or long term, aggressive or conservative, CC&L Managed Portfolios can provide an effective and relevant solution.

Each of our managed portfolios represents an efficient risk/return combination. Key features of the portfolios are:

- dynamic and actively managed asset allocation
- diversification across multiple asset classes
- continually monitored and rebalanced
