

# QUARTERLY UPDATE

Q4 2018

We are committed to enriching the communities where we live and work by supporting causes that are important to our clients, employees, partners and stakeholders. The Connor, Clark & Lunn Foundation (CC&L Foundation) distributes financial support on behalf of its funding partners to charitable organizations dedicated to building a strong and vibrant society.

In 2018, the CC&L Foundation funded **117** diverse not-for-profit organizations whose support impacts a wide array of initiatives throughout Canada. The majority of these are organizations that our clients and staff support financially or through personal involvement.

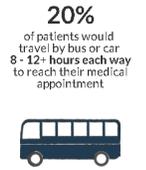

Three of the organizations supported by the CC&L Foundation this quarter are highlighted below:

**Daily Bread Food Bank** distributes fresh and shelf-stable food every day to 129 social service agencies and 173 meal programs across Toronto and the GTA. In addition, it provides healthy and nourishing homemade meals to shelters and drop-in programs. The Daily Bread kitchen feeds up to 20,000 individuals per month at partner agencies in the city, and its drivers distribute enough food for over 825,000 food bank visits. Daily Bread's efforts to fight hunger include thought leadership in research on hunger and poverty reduction.

**Hope Air** is a unique and essential component of Canada's universal healthcare system. Hope Air is Canada's only national charity providing free flights to low-income Canadians who must travel to medical care that does not exist in their communities. In partnership with its generous donor community, including Connor, Clark & Lunn Foundation, Hope Air bridges the distance between low-income people living in small and rural areas and the medical care they need. Hope Air has arranged more than 136,000 travel arrangements in its 32-year history.

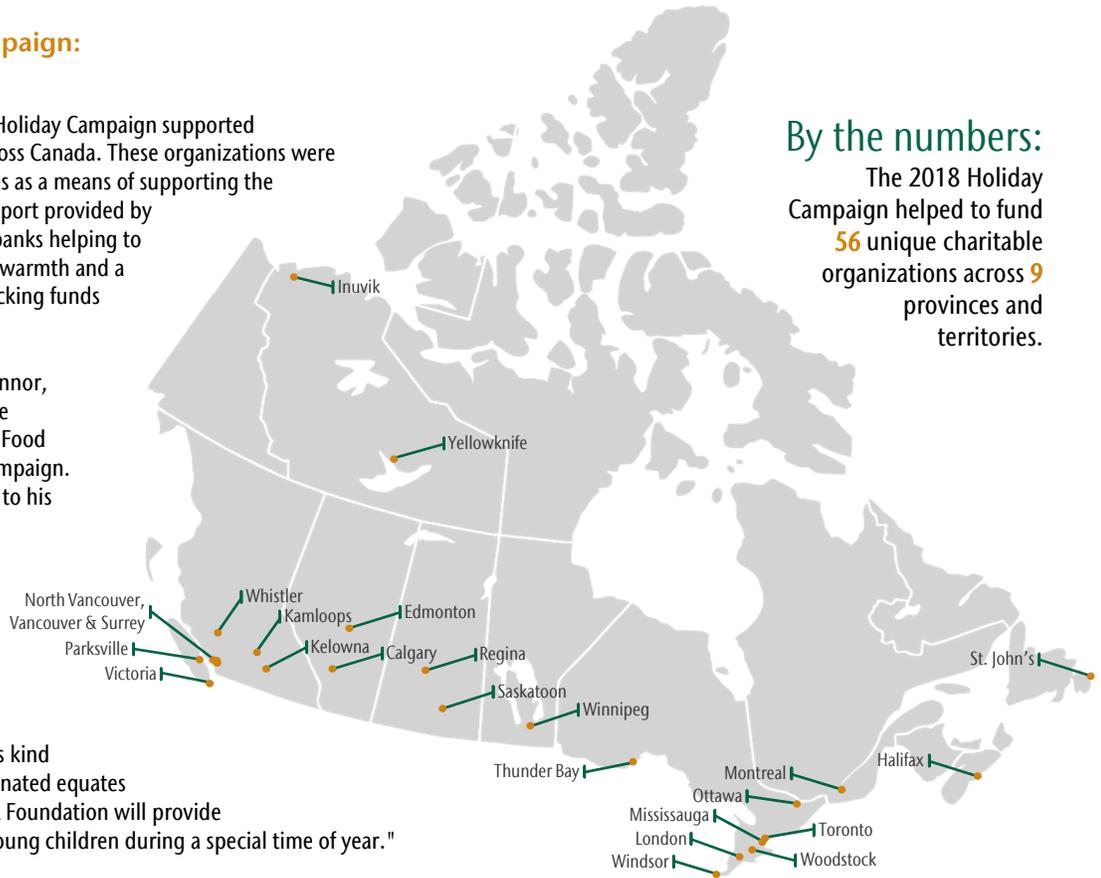

**CAMH** is more than a hospital. It is a world-class research facility and Canada's largest mental health hospital, providing care to upwards of 30,000 patients annually. But its job doesn't stop there. It is also leading a mission to change attitudes, behaviours and culture. To help shape a world where mental illness is seen in the same light as every other illness, and all patients receive the level of care they need and deserve. A world where mental health is health.

CC&L Foundation Holiday Campaign:

In December 2018, the CC&L Foundation Holiday Campaign supported charitable and nonprofit organizations across Canada. These organizations were chosen by CC&L Financial Group employees as a means of supporting the communities where we live and work. Support provided by the Holiday Campaign is focused on food banks helping to fight hunger, homeless shelters providing warmth and a roof to those who need it most, empty stocking funds and meal hamper programs.

This year Richard Pope, an employee of Connor, Clark & Lunn Private Capital, asked that the CC&L Foundation support the Mississauga Food Bank with its annual holiday food drive campaign. As Richard explains, the food bank is close to his heart: "Nearly 100,000 Mississauga residents live in poverty, and the aim of the Mississauga Food Bank is to make sure none of our neighbours go without nutritious food to feed their families."

Richard volunteers at the food bank's aquaponics AquaGrow Farm—the first of its kind in Canada. He says, "Every single dollar donated equates to two meals, and the support of the CC&L Foundation will provide several thousand meals for families with young children during a special time of year."

**By the numbers:**  
The 2018 Holiday Campaign helped to fund **56** unique charitable organizations across **9** provinces and territories.
